METRO FIRE & RESCUE - PATIENT CARE REPORT
Unit: Medic 14 Incident #: 26-004417 Date: 01/09/2026
Dispatched: 07:48 On Scene: 07:56 Transport: 08:19 At Hospital: 08:37
Destination: Mercy General Hospital Emergency Department

PATIENT: Morgan Ellis DOB: 04/11/1985 Age: 40 Sex: F

DISPATCH: Motor vehicle collision, I-5 northbound near exit 128, possible injuries.

SCENE: Three-vehicle collision in stopped traffic. Patient's vehicle (2019 Honda Civic) struck from behind by a box truck. Significant rear intrusion into the trunk and rear passenger area. Patient was the restrained driver, self-extricated before our arrival and was standing beside the vehicle holding her neck. No airbag deployment. Rear window shattered.

CHIEF COMPLAINT: Neck pain and low back pain.

HISTORY: Patient states she was stopped in traffic when she was hit from behind "really hard" and her head snapped back into the headrest and then forward. Patient states she may have "blacked out for a second" after the impact and does not remember the truck hitting her. Complains of neck pain 8/10, worse with movement, and low back pain 6/10. Reports a headache. Denies chest pain, shortness of breath, or abdominal pain.

ASSESSMENT:
Airway patent, breathing unlabored, circulation intact.
GCS 15 (E4 V5 M6) on our arrival. Alert and oriented x4. Anxious and tearful.
Tenderness to posterior cervical spine and bilateral paraspinal muscles, left greater than right.
Tenderness to lumbar paraspinal muscles. Abrasion to left shoulder from seat belt, approx 6 cm.
Moves all extremities. Grip strength equal. Denies numbness or tingling at this time.

VITALS:
07:58 BP 148/92 HR 104 RR 20 SpO2 98% RA Pain 8/10
08:15 BP 142/88 HR 98   RR 18 SpO2 99% RA Pain 8/10

TREATMENT: Cervical collar applied per spinal motion restriction protocol. Patient placed supine on
stretcher. Cold pack to left shoulder. Reassurance provided. No medications administered.

TRANSPORT: Transported non-emergent to Mercy General ED without change in condition. Report given
to receiving RN.

Crew: J. Patel, Paramedic (primary); L. Moreno, EMT
